**IN YOUR OWN INTEREST, PLEASE READ AND OBSERVE ALL LAKE REGULATIONS**

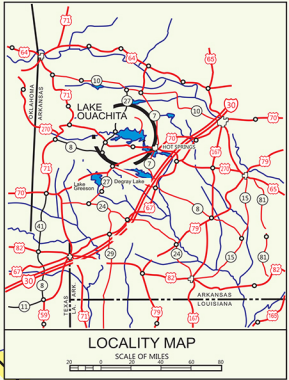

**WOODED AREAS BELOW ELEVATION 578.0 FEET  
WATER SURFACE ELEVATION FLUCTUATES - - PROCEED WITH CAUTION**

**BOAT SAFETY**

1. Wear a properly fitted lifejacket.
2. Take a boating safety course.
3. Check your boat for the proper safety equipment.
4. Drinking and boating do not mix.
5. Watch for floating debris, underwater hazards, and warning buoys.
6. Never overload your boat and always wear a kill switch.

Certain areas above and below Blakely Mountain Dam are restricted. The restricted areas are in front of the intake tower on the lake side of the dam, and below the outlet on the river side of the dam.

If the overflow spillway is in use, the road to Spillway recreation area will be closed and the floodway areas restricted.
